Anne is running a series of workshops as an ongoing course for artists who are looking for guidance in taking their work forward. The day includes demonstrations of different techniques, one to one tuition and development of personal style. The main aim of the day is to enjoy time and space to explore your art in an encouraging environment.

The cost is £25. There is a limit of 10 to ensure enough personal attention from Anne.

A deposit of £10.00 in advance is required to secure a place and cover expenses. This will be returnable if for any reason the workshop does not run.
